

HAMPTON, PHOEBUS AND OLD POINT.

PHOEBUS PAVING BID
ACCEPTED BY COUNCIL

Norfolk Man Agrees to do the
Work With Brick for \$2.12
Square Yard.

ELECTORS TO VOTE ON BONDS

After the Contractor Begins Work Job
Must Be Completed in Ninety Days
—Whole Improvement Will Only
Cost About \$40,000—Street Car Mat-
ter All Adjusted.

After rejecting all the bids offered,
the Phoebus town council last night
allowed Mr. William A. Young, of
Norfolk to submit a new bid for the
street paving and awarded him the
contract.

The rejection of the various bids
was due to the raising of a technical
objection by some of the contractors
bidding and the town determined to
overcome any unnecessary delay sim-
ply by refusing to accept any of the
bids submitted under the terms of the
advertisement.

Young Makes an Offer.
Mr. Young submitted the lowest bid
on the Maca vitrified brick at \$2.12
per square yard. When the council
had rejected all of the bids, Mr.
Young, who was present in the coun-
cil chamber, stated that he had offer-
ed to do the work at a reasonably low
figure in good faith. He was willing
to enter into a contract on that basis
and he thought the council, in justice
to his firm, should award him the
contract, especially inasmuch as the
street committee had unanimously re-
commended that Mack vitrified brick
be used.

The council gave Mr. Young permis-
sion to offer his bid in a new form,
and while he was making out the re-
vised estimate the body took a recess
of ten minutes.

New Bid Accepted.
When the council reconvened the
bid was submitted by the Norfolk
contractor and he was unanimously
awarded the contract, with the under-
standing that the Phoebus voters are
to pass upon the question of the bond
issue and if the bonds can be dis-
posed of.

Councilman W. G. Morris offered
the resolution allowing Mr. Young to
put in the new bid explaining that he
desired to see Phoebus paved with as
little delay as possible. Councilman
Crawford moved that the contract be
given to the former Representative in
Congress from the Second district
and the motion was unanimously car-
ried.

Will Issue \$10,000 in Bonds.
After disposing of the contract, the
council adopted a resolution asking
Judge Blackstone, of the Circuit
Court, to order a special election to
allow the people of Phoebus to vote
on the issuance of \$40,000 in 5 per
cent. interest bearing bonds, the
money to be used in paying Melton,
Mallory, Water and a portion of As-
sum streets. The bonds are to be of
thirty years standing.

Town Attorney W. H. Power will
today make out the necessary papers
and present them to Judge Black-
stone, and it is expected that he will
order the election for the latter part
of August.

When the council adjourned it did
so to meet again on next Monday
evening, when the final agreement

be disposed of.

Papers to Be Signed.

A letter was read from Mr. W. J.
Payne, the president of the railway
company, informing the council that
the board of directors will on Friday
ratify the agreement and it is thought
the entire papers will be signed up by
Monday evening.

If the present plans are carried out
the street paving will be gotten under
way probably by September 1. Under
the terms of Mr. Young's contract he
must have the work completed within
ninety working days after having been
given permission to commence opera-
tions by the street committee.

The members of the council present,
besides Mayor Furness, Town Re-
corder Teemer, Town Sergeant Wal-
lace and Town Attorney W. H. Power
were Councilmen W. J. Byrnes, J. J.
Loughran, W. G. Morris, R. O.
Clarke, Samuel Crawford, C. C. Mug-
ler, J. I. Fontaine and N. C. Barnes.

Take Notice!

Having been informed that certain

of repudiating the men. I have never
employed a peddler, nor have I any

are first-class and I have no necessity
